Summary

- B.Tech Information Technology student at ABES Engineering College with a strong foundation in software development.
- Skilled in web development , problem-solving, building scalable applications, and optimizing software solutions.
- Proficient in Java and C language.
- Skilled in collaborating within team environments to deliver high-quality solutions.

Education

- **Bachelor of Technology in Information Technology** *2023-2027*
  Abes Engineering College ,Ghaziabad
- **Class 12th (CBSE)** *2023*
  DAV Sr. Sec. Public School, Sonbhadra
- **Class 10th (CBSE)** *2021*
  DAV Sr. Sec. Public School, Sonbhadra

Projects

DEVFLIX- Movies, Shows & Webseries

Technologies: HTML, CSS, JAVASCRIPT

–Developed Devflix, a responsive webpage using HTML and CSS for browsing movies, shows, and web series, featuring a visually engaging layout with categorized sections and poster-style thumbnails.

– Designed a Netflix-inspired website interface, Devflix, emphasizing smooth navigation and intuitive content arrangement, which led to positive user feedback and a modern, user-friendly viewing experience.

Car Price Prediction

Technologies: Python, Machine Learning

– Created a predictive analytics tool using machine learning that utilized historical sales data and vehicle specifications, the model achieved a better accuracy rate in estimating vehicle prices, enhancing pricing strategies for the sales department.

– Implemented data preprocessing, feature engineering, and model training with regression algorithms to enhance prediction accuracy, and presented results through clear visualizations for better interpretability.

Technical Skills and Interests

Languages: C, Java
Web Technologies: HTML, CSS, JavaScript
Web Dev Tools: React, NodeJs, Github
Databases: MySQL
Relevant Coursework: Data Structures & Algorithms, Operating Systems, Object Oriented Programming
Areas of Interest: Web Design and Development, Software development

Licenses and Certificates

- **Oracle** : Oracle Cloud Infrastructure 2025 Certified Developer Professional
- **Oracle**: Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate
- **Simplilearn** : Web Development for Beginners
- **Cognitive Class** : Data Analysis with Python
